

PARKING STRATEGIC PLAN  
City of Manitou Springs, CO  
CWI Project #: S3-2007-050

**Potential Public Input Forum  
For Immediate Release**

---

**PUBLIC INPUT FORUM - "Parking in Manitou Springs"**

The public is invited to a Public Input Forum that will be held June 21, 2007 , from 6:00 pm. to 7:30 pm., at City Hall "PARKING IN MANITOU SPRINGS."

The purpose of this Forum is to provide the Manitou Springs community an opportunity to share your experiences, perceptions, ideas and concerns related to parking in and around the downtown area. How can the parking system help the community meet its goals and how can it provide a high level of service for those living and doing business here?

The Public Input Forum is being conducted by representatives from *Carl Walker, Inc.*, a national parking consulting firm that has been engaged to conduct a parking strategic plan for Manitou Springs. *Carl Walker* has performed similar services to other cities across the country.

The study is just starting, so this is a time for the consultants to hear, first hand, from those of you who live, work, shop, do business or just visit Manitou Springs. It is your opportunity to provide direct input into the examination of parking issues and the formulation of strategies to meet future parking needs.

Please join us and share your thoughts.
